

The background is a dark, smooth gradient from black to a slightly lighter grey. It is decorated with numerous water droplets of various sizes. Some droplets are large and prominent, showing clear highlights and reflections, while others are small and subtle. They are scattered across the frame, with a higher concentration in the top-left and bottom-right corners.

STUDY OF SEAWAVE, SHIKSHA, VISHWA AND SEWA ACADEMIC MODELS

SEA-WAVE

STRENGTH & OPPORTUNITIES

- Worked with 2,50,000 schools, 13 states and 5 countries for the past 40 years
- All inclusive package (classroom organisation, curriculum integration, supplementary materials, teacher training, monitoring and guidance)
- Integrates with the SCERT curriculum.
- Does not mandate additional hours.
- Includes English, Maths and EVS
- Tech aided learning – a part of the package.
- Includes bridge course
- Experienced and smart team
- Ready to customize
- Activity based learning- quality materials

WEAKNESS & THREATS

- Mandates long term engagement

SHIKSHA

STRENGTHS/OPPORTUNITIES

- Low cost model (Rs. 5- 9 per child/annum)
- Well experienced (15+ states& 4 million students)
- Activity based learning
- Pre/post training assessments :Well monitored programme
- English, Maths and Telugu for class 5
- Maths, Telugu, Social Studies and Science for classes 6, 7 and 8
- Takes ownership and does monitoring and evaluation

WEAKNESS/THREATS

- Works up to grade 8, exclusively for future learners
- Need additional 3 hours per day for the remedial programme
- English excluded for classes 6, 7 and 8 grades
- Low quality activity materials
- Usual challenges of Tot model: Tot model with academic coordinators who are school teachers (1:15 schools) and mandal coordinators (1: 50 schools)

VISWA

STRENGTH/OPPORTUNITIES

- Works exclusively on English language education
- Well-designed textbooks/workbooks
- Activity based/ joyful learning
- Takes ownership : Recruit fellows, does monitoring and evaluation of the students & fellows
- Includes all classes (5 to 12 grades)

WEAKNESS/THREATS

- Expensive : 3.7 lakh per year/school
- Less experienced : 8 years and 546 schools
- Supplementary programme: Need extra hours and additional staffs
- No scope of cost cutting as there is no option of doing this to for a particular section/ a few batches.

SEWA

STRENGTH/OPPORTUNITIES

- 3 decades of experience – 35 lakh learners/ 141 centres in 71 cities
- Pre-assessment and post-assessment
- Trains all teachers (2-week training)
- Provides certificates to students post assessment

WEAKNESS/THREATS

- Teacher training model: Trains all teachers (3100 per head)
- 50 hrs training (2-to-3-week training)
- Takes no ownership – no monitoring/evaluation
- Supplementary materials (workbook) alone cost 300 per student

ANALYSIS – MAJOR DRAWBACKS

- SEA WAVE – Requires customization & mandates long-term engagement (3 years or more)
- SIKSHA – Remedial program- Mandates 3 hrs per day per class for future learners
- VISHWA – Expensive model (7cr per annum) / least experienced
- SEWA – Takes no ownership/ No monitoring or evaluation/ additional hours

MAJOR HIGHLIGHTS/ADVANTAGES

- Sea Tide : All-inclusive package (classroom organisation, curriculum integration, supplementary materials, teacher training, monitoring and guidance)
- Shiksha : Low-cost model (Rs. 7-9 per child per year)
- Vishwa and Sewa don't have an exclusive highlight point that other models have.

COST ANALYSIS

- Sea wave— Rs.1250 per child for one year
- Shiksha — Rs.7 -9 per child
- Vishwa — Rs.650 per child
- Sewa — Rs.3200 per teacher + 300 per child for materials and workbook + Rs.100 per child for certificate
